supplied to you for the packing of: **BAKED FOOD PRODUCTS**
Dry, fatty and aqueous foodstuffs

Is in compliance with:

The following European Union Legislation: Regulation 1935/2004/EC
Regulation 2023/2006/EC
European Parliament and Council Directive 94/62/EC

The following Italian Legislation: *DPR 777/82 and subsequent updates and amendments*
DM 21/03/1973 and subsequent updates and amendments
D.Lvo 108/92 and subsequent updates and amendments
D.Lvo 152/2006 and subsequent updates and amendments
For environmental standards

Other Legislation: BfR Recommendation XXXVI
BfR XXXVI/2
Code of Federal Regulations, Food and Drugs (FDA), 21 CFR Ch. I (1 April 2016
edition), § 176.170, § 176.180

Inks are in conformity with the requirements stated by EUPIA

The material/item is made of raw materials and production aids listed in the aforementioned laws.

- Maximum processing temperature: 220°C x30 min in traditional oven
- Store the boxes in cool and dry place (relative humidity: 40 and 55%, temperature: 20-25°C)

The material/item is in compliance with the composition and purity requirements established for the contact with food that require migration tests and it's in compliance with the specific restrictions if applicable (*Title II head IV art.27 section 1, DM 21/03/1973*).

This Declaration is in compliance with legislation in use and it destined for:

HUSZTIPAKK KFT
KOVER LAJOS UT 21-23
H-1149 BUDAPEST
HUNGARY

This Declaration is valid as of the date specified below and it will be replaced if significant changes in the material's production alter any essential requirements in terms of compliance or if the legislation specified in this declaration has been amended and updated in such a manner as to require a new evaluation of compliance.

This Declaration is valid in any case valid for a maximum of two years.
